OCS - scheduling problems 14 Oct 1965
During summer 1965 the work being done for
Office of Finance got into some trouble because
of the unrealistic schedule for producing
daily and some periodic reports in consideration to the Shortage of help, and the requirement for/errors in punching,; processing,
and data errors, and the changes in the OF
system, i.e., object class code restructuring,
which took place at that time.
